A REAL COMFORT
for every home.

Many comforts and conveniences for the
home are denied the masses of the people
for the reason of their expense. There is,
however, one comfort that is in the reach
of every family from the day-laborer to
the millionaire, an article which is needed
and can be used to good advantage every
day. This article is PARACAMP, First Aid
to the Injured, a combination
of cooling, soothing, healing oils and
camphor, especially prepared to quickly re-
lieve the aches and pains of every member
of the family. Mothers of course realize
the necessity of such an article in their
homes, and as the use of Paracamp has
proven that it is far superior to and more
useful than Arnica, Witch Hazel, Vase-
line, Liniments, etc., it is to the interest
of every mother to try Paracamp at once.
Paracamp is absolutely pure, clean and
safe and its powers for quickly relieving
and curing pains and aches are truly re-
markable. Don't hesitate; try Paracamp
to-day. Every bottle is guaranteed. Trial
size 25c; family sizes 50c and \$1.00. The

Paris, Ky., Tuesday, September 26, 1905.

No question of more vital importance could be taken up by
the Paris Business Men's Club at this time than the re-organiza-
tion of the Bourbon County Agricultural Society.

An old fashion Bourbon Fair as of yore held here every fall
would benefit the town and advertise our county in a more bene-
ficial way than anything else we know of. A committee ap-
pointed by the Club to co-operate with several wide-awake gen-
tlemen who are interested in this move looks as if it might do
some good. If we remain idle as we have in the last few years
we are liable to be annexed to some of our progressive neighbor-
ing cities.

THE time is now at hand for our people to organize a Bour-
bon Agricultural Society and to have a fair next year.

Without exception the fairs held this fall in our neighboring
cities have been successes far beyond the expectations of the pro-
moters. Why should a county like Bourbon, second to none in
raising fine stock, let every surrounding county hold a big fair
and Bourbon hold none. It is a reflection on our citizens. The
best fair in Kentucky was held in Paris years ago and it can be
held again if the people want it. Now is the accepted time
for this movement to be launched.

"THE one man in the world who matches Jesus Christ in
seriousness of purpose; in purity of life is the, President of the
United States, Theodore Roosevelt."—[The Rev. Frank W.
Gunsaulus, of Chicago.

The President has some pretty good traits, and it is all right
for a minister to call attention to them, but such rot as this
from the pulpit is what keeps the doubt sinning doubting all
his life. Dr. G. must be a little "nutty."

THE Republicans of Montgomery and Clark sent a commit-
tee, composed of Messrs. Robert Winn, John C. Woods and W.
M. Robb, to Paris Saturday to ask Mr. John Brennan, of this
city, to become the Republican candidate for the State Senate
from this district. Mr. Brennan, refused to be urged to the
slaughter, and stated most positively that he would not allow
his name to go on the ballot.

DEMOCRATS, if a Democrat has done something you think
he should not have done; if he has condoned something you
think he should not have condoned, or if you have a personal
grievance, the time to fight him is at the primary or convention,
not at the regular election. Be a man or a mouse, and this is
the manly way.

THE drawing of the color line is not confined to the Southern
States. Negro pupils have been refused admittance into the
white high schools of Kansas City, Kansas. Last winter the
Kansas Legislature passed a law separating the races in the
schools of the city named. This action was due to the fact that
a white boy was murdered by a negro pupil.

THE Republicans who object to depriving the negro of his
vote in Virginia and North Carolina may point proudly to the
shining example of Philadelphia where the Republican machine
not only deprived "no living man" of his ballot, but for years
have allowed 50,000 dead people to keep on voting.

PRESIDENT ROOSEVELT made Russian and Japan get to-
gether, but he would find he was up against the "real thing" if
he would drop down this way and try to harmonize the Bourbon
county Republicans.

WHY is it that in all the Republican "reform" movements
in Louisville, Bill Owens is one of the chief performers? They
must file him as an exhibit of the wonders of their reform in-
fluence.

THEY "want frost" in the South to stop yellow fever; and
they "don't want frost" to spoil the cotton crop. If you were
the weather man what would you do in a case like this?

POOR Washington! Just as the "typhoid" is dying out
they are threatened "with Congress."
